

Biologic solutions for your colorectal procedures

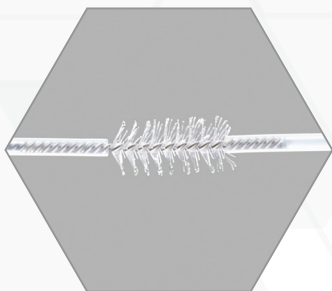

Biodesign Anal Fistula Plug

Used for implantation to reinforce soft tissue where a rolled configuration is required, for repair of anorectal fistulas

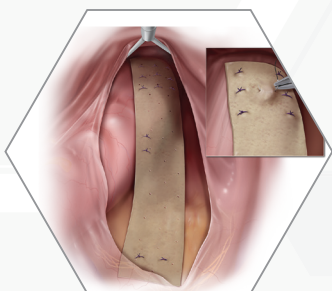

Biodesign Rectovaginal Fistula Plug

Used for implantation to reinforce soft tissue for repair of recto-vaginal fistulas. Not for vascular use.

Cook® Fistula Brush

Used to identify, clean, or debride a rectal fistula tract, and facilitate placement of a Biodesign® Recto-Vaginal/Anal Fistula Plug

Biodesign Rectopexy Graft

Used to support/reinforce soft tissue in surgical procedures for open and laparoscopic repair of rectal prolapse/rectal intussusception. Not to be used via a transvaginal approach.
